## READER'S RESPONSE

For the last three years, I have been writing weekly articles that may help individuals gain knowledge about real estate or issues related to real estate. I have written about mortgages, down payments, investing... All the way to how to prepare your home for a buyer. After 3 years and close to 150+ articles, some weeks I feel a bit repeated.

Therefore, I am asking for your help. As an avid Gadsden Sunday Times reader, I want to know what your questions about real estate may be. Please email your real estate questions and every Sunday I will take one and write my information article on that topic.

I cannot do this without your help! Email your real estate questions to:
